

RUB RELIEF™

Product Description and Competitor Comparisons

Essential Equine- RUB RELIEF™

Unique combination of conditioners, emollients, lipids, proteins, anti-microbial and natural soothing agents.

Contains no alcohol or wax.

Originally developed for the UK market where blankets are left on horses nearly year round.

Aids in the regrowth of hair that's been damaged and rubbed by masks, hoods, pads, etc.

Our Competitors

Various Conditioners are available from other companies but there's nothing else on the market like Rub Relief™
